The minutes of the 139th meeting were read by the Chairman and approved as read.

The Chairman stated that the requirements for copies of JANIS manuscript ^{have} been changed to twenty-five (25) copies, five (5) of which will be complete to include manuscript, maps, and photographs, and the remaining twenty (20) will contain all manuscript and essential graphic material practicable (no photographs). Upon receipt at JISPB, the copies will be distributed as follows:

- 3 complete sets for Editorial Section, JISPB
- 2 complete sets for Secretary, J.T.S.
- 10 part-sets to Col. Poole (8 for forward, 2 for rear echelons)
- 10 part-sets to Col. Sturdevant (8 for forward, 2 for rear echelons)

The Secretary will notify all contributors of the change.

The Chairman stated that difficulties might be encountered in the processing of supplements through The A. L. Garber Co., Ohio. It seems that they can handle the regular JANIS but in view of commitments for commercial printing they are unable to take on more JANIS work than scheduled monthly. Mr. McCabe will be in for a conference. It was suggested that future JANIS short studies could be mimeographed if printing facilities are unavailable.

The problem of JISPB Personnel was discussed at this point.

[REDACTED] reported that he has no additional information on the [REDACTED] typescript for JANIS 153 area. Latest [REDACTED] Progress Reports do not show any dates for this typescript. [REDACTED] has requested information from [REDACTED] and will notify the Board when a response is received.

Major Rasche reported that many offices and commands, other than for those initially intended, are now using JANIS. Major Rasche also reported that he is endeavoring to get original plates from G-2
